About Gujarat Maritime University

Gujarat Maritime University (GMU) is an endeavour by the Gujarat Maritime Board, Government of Gujarat, to provide a fillip to maritime sector by bridging the knowledge gap within the industry. GMU, has been established to serve the global maritime community by producing educated and well-trained professionals in the maritime domain. It aims to enhance and increase the human capital and capacity of the maritime industry both in India and across the globe. To realize these objectives short term online course on International Maritime Law has been designed.

About Hemvati Nandan Bahuguna Garhwal University

Hemvati Nandan Bahuguna Garhwal University was established as State University in 1973 and in 2009 it was elevated to a Central University by the Central Universities Act 2009. In 1975, the University established a School of Law, with the aim of imparting legal education and disseminating legal awareness among the masses. The School of Law presently offers LLB, LLM, PhD courses in its two centres.

Introduction to the training Programme

Maritime Law is a unique field of law that renders a great impact on the everyday life of the people. In today's world, no country can work in isolation and maritime law enables countries to connect. As 90% of global trade depends upon ships, a great deal of emphasis has to be laid on the regulations governing the sea. Shipping law is intricate, yet exciting field to pursue as a professional. Increasing work in the maritime space because of reasons like ship arrest, cargo claims etc. provides excellent opportunities. Seven days Training Program is aimed to cover wide range of areas related to maritime law including Shipping Contract, Marine Environment, Marine labour law, Admiralty law etc.

Significance of the Course

To make the participants aware of legal framework governing maritime sector. It will equip participants with knowledge on contemporary and advance issues related to maritime sector. The training course would be ideal for students and professionals aiming to be specialist in the shipping and maritime domain.
